

A few recent reviews from Dr. Haddad's practice (drjosephhaddad.com):

****Family by annual cleaning and check-up**

Having to visit Advanced Dental is a trip we actually look forward to. Many years of coming to Dr Haddad for cleanings and sometimes not so pleasant procedures our experiences have been very positive. Walking into the office you are greeted by Kathy who is very polite and professional. We are able to get 3 appointments at or very near the same times for 3 family members. The dental techs make you comfortable and do a very good job, Thank you Amy, Jen, and Ganice. Dr H is a great dentist and his practice keeps up with all the new technology in his field. I would highly recommend this practice to anyone looking for a quality dental practice.

****High quality service, professional and courteous**

As always, Amy does an excellent job cleaning my teeth, and is very sensitive to my needs, and my sensitive teeth. She answers all my questions patiently and clearly. Dr. Haddad is always pleasant also. It is always a pleasure to see everyone and that makes the overall experience a positive one. Growing up helping my mother, being her dental assistant, patients often would grab my hand in fear, just in anticipation of the pain, sometimes even before their mouths were touched. In this dental office, I am so relaxed in the chair, I find it restful, and when I am tired, I sometimes feel ready to take a nap! The only issue I have is the billing. I have had to correct it on more than one occasion. I have to keep track of my own bills, and remind them of what happened last time. There has to be a better way to record transactions, in order to carry over what happened last time more easily and accurately.

****This was my 3rd visit to my hygienist at Advanced Dental Arts and I have to say that I am so pleased with her approach to cleaning. She explained what needed to be done and why. I have some gum disease as well as some bone loss and receding gums, she was extremely careful to minimize bleeding while cleaning. I am glad that finally I found an excellent dentist in Dr. Joseph Haddad and hygienist Amy.**
